

CHANGE THE LOOK OF THE DESKTOP ICONS AND THEIR LABELS

Beginners' Kaffee Klatch
Presented by Bill Wilkinson
September 20, 2008

If you want to increase the size of the icons on your Desktop, do the following:

1. Click on **Start**.
2. Click on the **Control Panel**.
3. Open the **Display** folder.
4. Click on the **Appearance** Tab, then **Effects**.
5. Select **Use Large Icons**.
6. Click **OK**, the **OK** again.

If you want to use a “drop shadow” effect on all the desktop icon labels, do the following:

1. Click on **Start**.
2. Click on **Control Panel**.
3. Open the **System** folder.
4. Click on the **Advanced** Tab.
5. In the **Performance** area, select **Settings**.
6. Check the box for “Use drop shadows for icon labels on the desktop.”
